

Jack Vanstone CSLA, ASLA, PMP

SENIOR LANDSCAPE ARCHITECT NAK DESIGN STRATEGIES

Jack is a senior landscape architect and the Calgary studio manager. He brings over 15 years' experience in management, design, land development and project management. Jack leads a team of talented landscape architects who provide complete design, contract documentation, municipal approval and multi-discipline project management services to private and public sector clients. He has extensive experience in land development, community and sporting venues, and private site development, as well as a proven track record of completing complex projects on schedule, within budget and with the critical support of stakeholders.

Project services of his include multi-discipline design and project management, building site planning and design, community and stakeholder engagement, design approvals and construction management.
